<input type="checkbox"/> Ivomec -- Boehringer Ingelheim	Date Administered:
<input type="checkbox"/> Eprinex -- Boehringer Ingelheim	Expiration Date:

Please complete both sides!

III. Recommended Nutrition

- Provide high quality, high energy rations first 3-5 days post-weaning
- Trained to eat feed from a bunk and drink water from a trough. (Do not overfeed! Fleshy calves should be avoided and are likely to be discounted.)
- Calves must have access to a free choice salt and mineral supplement which contains a minimum of 1,400 ppm copper (no copper oxide), 26 ppm selenium, 3,000 ppm zinc, 3,000 ppm manganese and 18-25% salt based on a 4 oz. daily intake. No other salt available.

IV. Other Requirements

Health Records

- Must complete, sign, and bring sale certification form to Blue Grass Stockyards of Albany upon delivery. Must include name of vaccine, lot or serial number, dates and location of administration. Likewise, producer needs to attach the purchase receipts of vaccines.

Processing

- Males castrated and healed (knife castration is strongly recommended). Late castrated calves may lead to stags, which are discounted. The scrotal sac with testicles must have fallen off "banded" calves.
- HORNS: All cattle will be dehorned, smooth headed and healed or polled. NO EXCEPTIONS!
- Administration of vaccine
 1. Use the neck area for intramuscular injections, according to BQA guidelines
 2. Use subcutaneous injection if labeled on product which also should be given in the neck area
 3. Follow label directions and handle vaccines properly
- BG Red ear tags are required on all cattle. Tags can be ordered from the BG Stockyards Lex 859-255-7701 or 859-954-1563.

V. ALL SALES ARE ABSOLUTE!

Heifers are guaranteed open at time of sale and steers are guaranteed not to be bulls/stags. Seller agrees to reimburse buyer \$200.00 for pregnant heifers or bulls/stags. All claims must be properly verified by a veterinarian within four (4) months of sale. Calves identified as pregnant, or stags/bulls at the barn become property of consigner. To save the \$200 guarantee fee, they can be resold or taken home.

Required: These cattle have been preconditioned to the above requirements. To the best of my ability and knowledge, the above information is accurate.

Please return signed and completed form upon delivery of cattle by 2 pm CST to BG Albany 1274 KY-90 Albany, KY 42602
